

## Introducing Stuart Quigley

Stuart holds the position of External Relationships Manager in Group Technology, Fonterra. In his role Stuart is responsible for Fonterra's innovation scouting; the coordination of external R&D income such as FRST funding and the oversight and co-ordination of external R&D contracts.

Stuart is a qualified food technologist and holds a Graduate Diploma in Business Administration. He has worked for over 20 years in the dairy industry both in Australia and in the United Kingdom.

He has an extensive background in R&D management and manufacturing operations having worked with organisations including Dairy Crest (UK), National Foods and Bonlac Foods in Australia. In his last role with Bonlac he was R&D Manager for Bonlac Bioscience.

Stuart has also worked with Australian industry service organisations Meat & Livestock Australia (MLA) and Dairy Australia. In his most recent role with Dairy Australia, Stuart was responsible for the management of the Dairy Manufacturing Co-Investment Strategy resulting in the creation of Dairy Innovation Australia Ltd. Dairy Innovation Australia Ltd. conducts pre-competitive research based on a collaborative model between Australian dairy manufacturing companies, Dairy Australia and the Geoffrey Gardiner Foundation.
